The three pathways

1. Communicate — Languages & Technology

Choose one language: English, Français or Deutsch. STEM & Technology comes with it — Python Programming and Digital Literacy, both strands, every week. 90 minutes in a single session.

2. Create — Creative Arts & Expression

Musical Theatre, Painting & Visual Arts, Poetry & Creative Writing, Performance. The module ends in a short performance and a portfolio the child chooses from.

3. Lead — Future Intelligence & Life Skills

Financial Literacy, Entrepreneurship, Critical Thinking & Problem Solving, Leadership & Communication, Real-World Projects. The module ends in a project pitched to real people.

Specialities and add-ons

Gymivorbereitung

The Zürich Gymnasium entrance exam, taught paper by paper against real past papers: Deutsch Textverständnis, Deutsch Aufsatz and Mathematik. Ages 10 to 13, 10 × 90 min, groups of five or one to one. Booked on its own or added alongside a pathway.

One-to-one tutoring

Single-child sessions in any subject, arranged around your week. Hourly, or in ten-hour blocks.

Business languages, Fridays

English, Français or Deutsch for professional use: meetings, negotiation and presenting, in a small group. All ages.

AI responsibility & security, for parents

How to keep children safe around AI: what the risks actually are, what to allow, and how to talk about it at home. Details to come.

What every fee includes

Eight children, never more

One teacher, the same eight every week.

Everything provided

Laptops, licensed software and all materials.

Something finished

A game, a storybook, a pitch — your child keeps it.

A written progress note

A real assessment at the end of the module.
